[Utah's Greenbelt Program Has Caused Unintended Effects on Farmland Protection](#)

Man Li, Wai Yan Siu, and Arthur J. Capla

This article highlights a recent study evaluating the effectiveness of Utah's preferential farmland tax assessment program in protecting agricultural land from conversion to nonagricultural uses. It shows that the program has only protected smaller agricultural parcels. Unexpectedly, the program has stimulated the conversion of larger agricultural parcels to urban uses.

Call for Nominations**2025 Fellows Award Nominations**

The AAEA Fellows Selection Committee is inviting nominations for the 2025 AAEA Fellows Awards. The deadline for submission of nominations and supporting biographical documentation is **Wednesday, October 2, 2024**. Selection is based mainly on a continuous contribution to the advancement of agricultural or applied economics as defined by the Vision Statement of the AAEA. Achievements may be in research, teaching, extension, administration, or business. The nominee must be a living current member of AAEA and have been a member for at least five years.

Please follow these guidelines to submit Fellows nominations (non-complying materials will be returned). The nomination package should focus on documentation of the case for the nominee's contributions rising to a level that warrants recognition as a Fellow. "Continuous contribution" means exceptional service over a period of years. Such exceptional service may be demonstrated by: research discoveries published in major professional journals; leadership in the development of extension programs extensively utilized by other professionals; the development of undergraduate or graduate programs of learning that have become nationally recognized professionally and by students who have, in turn, demonstrated success as a result of these teaching programs; contributions to advance diversity, equity and inclusion objectives in the broader profession through for example, teaching, research collaboration, professional leadership, or outreach to, engagement with, and mentoring of individuals from underrepresented groups; or outstanding performance in government, business, or NGOs. As a general principle, continuous service means more than a single act that might be rewarded by an outstanding journal article, extension, or teaching award. The documentation for the nominee provided should make clear the impact of the individual nominated in the areas of achievement to which the nominee has contributed. This evidence could include, but is not limited to, reference to publications, awards, honors, reports, testimonials to notable tasks undertaken and outcomes achieved, or other contributions to the profession.

Members of the Fellows Selection Committee and AAEA Executive Committee (President-Elect, President, or Past President) may not nominate or provide support statements for nominees. Nomination packages that include support statements from a member of the Fellows Selection Committee and/or the AAEA Executive Committee will be sent back to the nominator for revisions.

Testimonial letters or vitae are not required. The total nomination package should be limited to a maximum of eight typed pages using 12-point font and with margins of at least one inch on all four sides. All material must be double-spaced. Please include the name, institution, and contact information of all of the nominators within the eight-page package. Nominations should be submitted as a single PDF file to Kristen McGuire at kmcguire@aaea.org. Please contact Kristen if you have any questions.

The 2025 Fellows Recognition Ceremony will be held as part of the 2025 AAEA & WAEA Joint Annual Meeting in Denver, CO. Information on previous AAEA Fellows and the procedures used to select Fellows is available on the [AAEA Fellows page](#).

AAEA Trust Call for Proposals

The AAEA Trust supports the work of agricultural and applied economists by funding programs, initiatives, activities, or other creative endeavors designed to advance the profession. Proposals are chosen to receive funding based on their ability to accomplish at least one of the following goals:

- support graduate student and early career professional development
- enhance the AAEA Annual Meeting
- broaden participation in AAEA across the year (beyond Annual meetings)
- address our strategic goal to be more inclusive through outreach to new groups
- broaden the horizons of the current membership

Funds donated to the unrestricted and student and early career professional development categories of the AAEA Trust will be used to fund proposals approved by the AAEA Trust Committee and Executive Board. Proposals from AAEA Committees and Sections are encouraged. Please note that the Trust does not fund individual research projects, nor does it retroactively fund activities that have already taken place. Please contact Trust Committee Chair Rudy Nayga at rnayga@tamu.edu if you would like to discuss your proposal ideas before submission.

Proposal submissions should include:

1. A cover sheet with the name of the applicant; applicant's mailing address, e-mail, and phone number; title of the project; abstract of the project; timing, duration, and location of the project; and amount of funding requested.
2. A project description, not to exceed five double-spaced pages, including the purpose (and how that aligns with the goals above), scope, implementation procedures, the individuals responsible for the management of the project, the date/timing of the project, and location of the project.
3. An itemized budget indicating costs to be borne by the Trust and funding provided by other sources, if any. The AAEA Business Office may be a resource for budget information. Proposals are strongly encouraged to secure matching outside funds. Fund requests should remain under \$20,000.

Proposals should be submitted as a single PDF file by **Monday, October 14, 2024**, to ensure consideration for funding for the next year. Proposals will be reviewed by the AAEA Trust Committee, which will make recommendations to the Executive Board for action at the January 2025 Board Meeting.

Proposals should be submitted to Kristen McGuire via e-mail at kmcguire@aaea.org. If you have any questions, please contact Kristen or Rudy.

Anthony Grano Fellowship Award Call for Applications

The AAEA Trust is now accepting applications for the Anthony Grano Fellowship Award for 2025. Two recipients will be chosen to travel for one week to Washington, DC to meet with senior staff from USDA, Congressional offices, agricultural trade associations, farm and commodity organizations, and NGO's. Meeting schedules will be personalized to reflect recipient's policy interests. Scholarships of \$1,250 will be awarded.

Eligible applicants will be graduate students in either agricultural economics or economics with an agricultural emphasis in any U.S. university. Ideal candidates are academically competent, highly motivated with an interest in agricultural policy and the policy formulation process.

The application deadline is **Monday, October 14, 2024**.

To apply, please submit the following:

1. Cover letter that expresses interest and includes applicant contact information
2. Short statement on a current agricultural policy issue of applicant's choice (maximum length--2 pages)
3. Current CV
4. A copy of university transcripts

5. Letter of support from department. Department Heads are encouraged to match the funds if their nominee is selected.

Applications should be submitted as a PDF document to Kristen McGuire, AAEA Executive Director (kmcguire@aaea.org)

The Anthony Grano Scholarship is supported by the Anthony Grano Special Purpose Fund of the AAEA Trust. The Fund has been established to provide an opportunity for outstanding agricultural economics students to observe and learn the role of economics in developing agricultural policy. Dr. Grano had a long and productive career with USDA Economic Research Service and was passionate about resource policy analysis. He believed strongly in the policy process and, more importantly, the role of economics in guiding the process. One of his major contributions was the nurturing of young professionals as they began their careers in policy analysis. He emphasized, and demonstrated by his actions, the role of objectivity and the need for integrity in the policy process.

Call for Applications

BOEHLJE AGRIBUSINESS MANAGEMENT FELLOWSHIP

The AAEA Trust Committee is accepting applications for the 2025 Boehlje Agribusiness Management Fellowship. The purpose of this Fellowship is to provide financial support for graduate students with an interest in agribusiness management to continue their education through the PhD in preparation for an academic career in these areas. The goal of the Fellowship is to support the education of graduate students for faculty positions in Departments of Agricultural Economics in the critical area of agribusiness management.

Applicants should submit the following by **Monday, October 14, 2024**:

- 1.) Description of plan of study
- 2.) Description of research interests and/or project
- 3.) Letter of support from advisor and/or Dept. Head
- 4.) Copy of University transcripts
- 5.) Current CV

Applications should be submitted as a single PDF file to the Kristen McGuire at kmcguire@aaea.org. If you have any questions, please contact Kristen by email or by phone at (414) 918-3190.

Uma Lele AERA India/AAEA Mentorship Program

Call for Applications

The AERA along with one representative from AAEA will play a facilitating role in the selection of Indian students/young professionals to participate in the mentorship program. The offer and themes for each year will be published in one of the issues of Agricultural Economics Research Review (AERR) and recommendation of the Association shall be sent to AAEA for Award of the grant. The following criteria were agreed for screening and recommendation of the candidate(s).

- a.) The program shall be open to doctoral and post-doctoral candidates and the maximum age of the candidate should not be more than 35 years

- b.) Masters/PhD degree in agricultural economics/economics with evident contribution to agricultural economics research
- c.) The candidate should give an undertaking to publish at least one research article in a journal of national/international repute as an outcome of the mentorship work
- d.) The candidate will attend the AAEA Annual Meeting
- e.) The candidate will work with an AAEA Member mentor

To apply, scholars should submit the following:

1. Cover letter outlining proposed plan for mentorship, including contact information for the mentor, proposed dates and nature of the research project and collaboration, and outputs expected
2. Recent CV
3. Research proposal outlining the research project that the applicant will work on with his or her mentor (maximum 3 single-spaced pages)
4. Letter of recommendation from the applicant's department head/supervisor stating that the institution supports the applicant's participation
5. Letter of intent to collaborate from the proposed mentor

4. Letter of recommendation
5. Letter of intent to collaborate from the proposed mentor
6. Budget

Applications should be submitted in a single PDF format to Kristen McGuire, at kmcguire@aaea.org. If you have any questions, please contact Kristen by email or by phone at (414) 918-3190.

Call for Applications

McCorkle Scholarship Applications

The AAEA Trust Committee is accepting applications for the 2025 Chester O. McCorkle Jr. Student Scholarship. This scholarship will support applied research by a graduate student on economic issues relating to agriculture. At least one (1) scholarship of up to \$2,000 will be awarded. Funds can be used for research related expenses, data collection, tuition and program related expenses such as fees, books, supplies and equipment, provided the items are required of all students in the program.

Applications are due **Monday, October 14, 2024**.

Applicants should submit:

1. Description of the proposed research (maximum of 5 pages)
2. Itemized budget
3. Letter of support from their major advisor; and
4. Graduate transcript.

Applications should be submitted as a single PDF file to the Kristen McGuire at kmcguire@aaea.org. If you have any questions, please contact Kristen by email or by phone at (414) 918-3190.

Uma Lele Mentor Fellowship Award for Women

Call For Applications

The Agricultural & Applied Economics Association (AAEA) Trust is now accepting applications for the Uma Lele Mentor Fellowship Award for Women. The Uma Lele Mentor Fellowship Award for Women supports a mentorship relationship between an early career woman agricultural, resource and environmental economist from low income and lower-middle income countries, and a mentor who is a member of the AAEA. A complete list of qualifying countries is available under the headings “Low-income economies” and “Lower-middle-income economies” at: http://data.worldbank.org/about/country-classifications/country-and-lending-groups#Low_income.

The purpose of the award is to promote high quality research of a policy/problem solving nature, by fostering research collaboration between the scholar and mentor. Research topics should fall within the mission of the AAEA (www.aaea.org/about-aaea), but preference will be given to topics focusing on countries that are facing food and nutrition insecurity, and/or environmental pressures.

The total amount of the award is up to USD \$5,000. Of this, up to USD \$4,500 will be allocated to the scholar and up to USD 500 to the mentor. The award to the scholar is intended to cover travel, registration, and related costs of the scholar to attend a meeting organized by the AAEA or the ICAE where both the mentor and the scholar can meet. The award may also be used to cover travel costs to the mentor’s work place. The amount allocated to the mentor can be used for travel and other expenses during the fellowship period. The AAEA will waive registration fee for both the scholar and the mentor for the duration of the fellowship. AAEA will also waive annual membership fee for the scholar for the duration of the fellowship.

Women scholars, who are either within one year of obtaining a Ph.D. in Agricultural Economics, Economics, or related field, or within five years of having completed Ph.D. and are citizens of and reside in a low income and lower-middle income country are eligible to apply. Ph.D. students studying in countries that are not considered low-income economies and lower-middle-income economies may also apply, but they must be close to completing their degree and planning to permanently reside in a low-income or a lower-middle-income country by the end of 2025. Mentors can reside in any part of the world, but they must be AAEA members.

To apply, scholars should submit the following:

1. Recent CV
2. Research proposal outlining the research project that the applicant will work on with his or her mentor (maximum 3 single-spaced pages). Applicants are advised to discuss the proposal with a prospective mentor before applying.
3. Letter of recommendation from the applicant's department head/supervisor stating that the institution supports the applicant's participation
4. Name and details of the mentor. If the scholar has not yet decided on a mentor, they may state this and seek input from the selection committee. The selection committee will make every attempt to help identify appropriate mentors but will do so only for the selected applicants.
5. Letter of intent to collaborate from the proposed mentor if the applicant already has a mentor.
6. Budget

Applications should be submitted in a single PDF format to Kristen McGuire at kmcguire@aaea.org by **Monday, October 14, 2024**. If you have any questions, please contact Mary by email or by phone at (414) 918-3190.

Uma Lele Mentor Fellowship Award Call For Applications

The Agricultural & Applied Economics Association (AAEA) Trust is now accepting applications for the Uma Lele Mentor Fellowship Award. The Uma Lele Mentor Fellowship Award supports a mentorship relationship with a view to promote high quality research of a policy/problem solving nature in countries with food insecurity and environmental pressures. It is meant to promote collaboration between an early career scholar who is a citizen of and resides in a developing country and a distinguished mentor.

The award is intended to cover the costs of travel and expenses for a scholar and mentor to work together on a specific research project in a high priority area for the scholar's country. The maximum fellowship grant will be \$5,000. Up to \$4,500 can be allocated for travel expenses for the scholar to visit the mentor's workplace and/or to meet with the mentor at a professional meeting. Up to \$1,500 can be allocated for mentor travel and other expenses during the fellowship period. Research topics should fall within the mission of the AAEA (www.aaea.org/about-aaea).

Scholars should be professional economists who are citizens of and reside in a developing country. A complete list of qualifying countries is available under the headings "Low-income economies" and "Lower-middle-income economies" at: http://data.worldbank.org/about/country-classifications/country-and-lending-groups#Low_income. Scholars should either have completed their terminal degree or will complete it within the year. Students studying in countries that are not considered "low-income economies" and "lower-middle-

income economies” may apply, but they must be completing their degree and planning to permanently reside in a “low-income” and “lower-middle-income” country by the end of 2025. Mentors can reside in any part of the world, but each must be an AAEA member.

To apply, scholars should submit the following:

1. Cover letter outlining proposed plan for mentorship, including contact information for the mentor, proposed dates and nature of the research project and collaboration, and outputs expected
2. Recent CV
3. Research proposal outlining the research project that the applicant will work on with his or her mentor (maximum 3 single-spaced pages)
4. Letter of recommendation from the applicant’s department head/supervisor stating that the institution supports the applicant’s participation
5. Letter of intent to collaborate from the proposed mentor
6. Budget

Applications should be submitted in a single PDF format to Kristen McGuire at kmcguire@aea.org by **Monday, October 14, 2024**. If you have any questions, please contact Kristen by email or by phone at (414) 918-3190.

Obituary

Marc Nerlove

1933-2024

The American Economic Association and the economics profession were saddened to learn of the passing of [Marc Nerlove](#) at age 90. A [John Bates Clark medalist](#) and [AEA Distinguished Fellow](#), the University of Maryland professor was best known for developing econometric methods that continue to be used in studies around the world. He made important contributions to estimating short-run and long-run elasticities of supply in agricultural markets, estimating production functions in the electricity industry, and research on economic demography and life cycle fertility.

In addition to having a distinguished academic career, Nerlove served as a member of the [AEA Executive Committee](#) from 1977 to 1979.

Government Relations & Washington Update

August 2024

House and Senate Committees Advance Agriculture Appropriations

The House and Senate Appropriations Committees have both recently approved their respective versions of the FY 2025 Agriculture Appropriations Bill. The moves set up potential floor consideration in September as Congress works to meet the September 30th fiscal year deadline. As in many previous years, a continuing resolution will likely be needed to keep the government funded while the appropriations process is completed.

In looking at key USDA agencies and programs, the Economic Research Service (ERS) would receive level funding in the Senate, while it faces a \$5 million cut in the House. The National Agricultural Statistics Service (NASS) also fares better in the Senate, where it would receive a \$6 million increase, compared with level

funding in the House. The Office of the Chief Economist receives a small increase in both chambers. For the National Institute of Food and Agriculture (NIFA), both the House and Senate level provide level funding for capacity programs. The Agriculture and Food Research Initiative (AFRI) is level funded by the Senate and cut by \$2 million in the House.

Below is a summary of selected USDA accounts:

<u>ACCOUNT</u>	<u>FY 24 FINAL</u>	<u>FY25 President</u>	<u>FY25 House</u>	<u>FY25 Senate</u>
ERS	\$90.6 million	\$98 million	\$85.6 million	\$90.6 million
NASS	\$187.5 million	\$196 million	\$187.5 million	\$193.5 million
OCE	\$30.5 million	\$32 million	\$31 million	\$31.1 million
Hatch	\$265 million	\$265 million	\$265 million	\$265 million
AFRI	\$445.2 million	\$475 million	\$443.2 million	\$445.2 million
Research Facilities	\$1 million	0	0	\$1 million
AGARDA	\$1 million	0	\$1 million	0
Smith Lever	\$325 million	\$325 million	\$325 million	\$325 million
ARS Salaries	\$1.788 billion	\$1.756 million	\$1.793 billion	\$1.826 billion
ARS Buildings	\$57.1 million	\$28 million	\$26.9 million	\$47.6 million

In the wake of NASS program changes announced in April that would eliminate reports such as the July Cattle Report, Cotton Yield Survey and county estimates, both the House and Senate have included strong language directing NASS to reinstate these reports in FY 2025. The Senate also provides an additional \$4 million to specifically support the reinstatement of the reports. AAFA raised concerns with these program changes both with NASS leadership and with Congress, including letters to House and Senate committee leadership.

Excerpt from House Language:

“The Committee is deeply concerned by the lack of communication and transparency surrounding NASS’ decision to cancel several critical market reports in fiscal year 2024. Therefore, the Committee includes bill language that limits NASS’ flexibilities to only core mission activities. This language ensures that NASS has the necessary funding for fiscal year 2025 to reinstate all reports that NASS chose to cancel or discontinue in 2024.”

Excerpt from Senate Language:

“The Committee recognizes that NASS was faced with budgetary challenges in fiscal year 2024 within the Ag Estimates line. However, its decisions to cancel critical reports without any consultation or engagement with the Committee was problematic. Given the critical importance of these reports to stakeholders across the country, the Committee includes \$4,000,000 to restore the reports cancelled in fiscal year 2024 and includes a proviso requiring NASS to notify the Committee at least 30 days prior to cancelling any report.”

NBER Conference on Competition in the US Agricultural Sector

To promote research on competition in the agricultural sector and the consequences of the industrial organization of this sector for consumers as well as input suppliers, the National Bureau of Economic Research, with support from the Economic Research Service of the US Department of Agriculture, will convene a research conference in Cambridge, Massachusetts, on December 12, 2024. The conference will be organized by James MacDonald (University of Maryland) and Fiona Scott Morton (Yale University and NBER).

More details on the conference may be found at this link: <https://www.nber.org/calls-papers-and-proposals/competition-us-agricultural-sector>. The deadline for submissions is **September 3, 2024**, and submissions should be of complete, or nearly complete, papers.

VIII Beeronomics Conference

The 2024 Beeronomics Conference will take place at University of Milan Bicocca, Italy, 19–22 June. Main panels and sessions will be held at the University of Bicocca main campus located in the heart of the city. The Conference Organising Committee, led by Christian Garavaglia, welcomes all high-quality research on the economics of beer and brewing. With a strong interest in interdisciplinary research, we are looking for submissions covering topics including:

- Trends and driving forces in local and global beer production, consumption, distribution
- Management, marketing, market structure and industrial dynamics
- Individual beer choice and health
- Policy and regulation
- Impact of beer on society and culture
- Environmental issues affecting beer and brewing
- Others: food industry and alternatives to beer

Please find the official Conference Flyer/Call for Paper attached. Additional information about abstract submission and event details can be found on the conference's webpage:

<https://beeronomics2024.unimib.it/>

If you have additional questions, please do not hesitate to contact: beeronomics2024@unimib.it. If you know of someone who might be interested in attending the conference, please pass this message on and as ever, apologies for cross-posting.
