### Virtual Security Reminder

AAEA would like to provide a reminder to be on alert for phishing scams that may come via email. These are attempts to impersonate emails that appear to come from our Board leadership and/or members.

As a reminder, AAEA will never request that you send money or buy anything from us, aside from membership dues, section dues, Annual Meeting Registration etc. Please keep an eye out for any fake emails that might appear to have come from AAEA, AAEA Board members, or AAEA members.

Please use the below tips to help decipher a legitimate email from AAEA:

- Hover over the “From” field in the email and confirm it was sent from [info@aea.org](mailto:info@aea.org), one of our 6 staff members (see below), or any of our Board
  - Please refer to the Executive Committee page if you believe you have been contacted by anyone from the Board <https://www.aea.org/about-aea/aea-executive-board>

- If your email accepts HTML formatted emails from the [info@aaea.org](mailto:info@aaea.org), there will be a formal letterhead image as well as a signature that features the 2026 AAEA Annual Meeting logo.
- When in doubt, email [info@aaea.org](mailto:info@aaea.org) or anyone in the business office directly for confirmation of any email or communication you may have received.

### USDA AMS/AAEA GSS Local Food Economics Data Visualization Challenge Webinars

In order to support participants in this year's USDA AMS/AAEA GSS Local Food Economics Data Visualization Challenge, the organizing team has scheduled a series of webinars on data visualization skills with relevant experts the next three Thursdays. The three webinars listed below are open to all AAEA members if these are skills you also want to build! Each webinar has a unique registration link, so please register beforehand.

- **Visualizing Data in R** with Sid Bora (WVU): May 28, 3:00 pm ET/2:00 pm CT/1:00 pm MT/12:00 pm PT | 90 minutes | [Register Here](#)
- **Introduction to Maps** with Andrew Van Leuven (UVM) | June 4, 3:00 pm ET/2:00 pm CT/1:00 pm MT/12:00 pm PT | 60 minutes | [Register Here](#)

We hope to see you over the next few weeks! If you have any questions about the webinars, please reach out to Anne Byrne ([atb83@cornell.edu](mailto:atb83@cornell.edu)) or me.

With gratitude,

Zoë (on behalf of the Local Food Economics Data Visualization Challenge Organizing Committee)

### 2026 FAMPS Poster Competition

FAMPS Section will host a poster session once again at the 2026 Annual Meeting. The objective of the poster session is to provide a forum for researchers with more limited professional networks, like graduate students and beginning faculty, to be recognized for innovative and high-quality research in poster sessions. These researchers might be less likely to participate in track sessions, and thus attend the annual meeting, than researchers with stronger professional networks. This recognition could also be helpful to some researchers at the beginning stages of their career.

The details for the poster session are the following:

- FAMPS will provide three awards:
  - Two (2) \$250 prizes for the best posters in which the lead author is a graduate student
  - One (1) \$250 prize for the best poster in which the lead author has a doctorate degree
- Requirements: The lead author for each submission must be a FAMPS member and must register and attend the 2026 AAEA Annual Meeting in-person. In addition, the topic of the poster should fall within the FAMPS topic area, which is focused on food and agricultural marketing policies of current and emerging significance, in both national and international contexts.
  - Register for the AAEA Annual meeting by May 13<sup>th</sup> (presenter deadline):  
<https://www.aaea.org/meetings/2026-aaea-annual-meeting/registration-and-travel/hotel>
  - Complete a form indicating you are interested in participating in the FAMPS Poster Competition  
<https://form.jotform.com/260694039741159>
  - **Deadline to apply is June 15th**
  - Become a FAMPS member here: <http://aaea.execinc.com/edibo/JoinSections>
  - Set up your poster by 9:00 am on Monday, July 27 in the poster hall

Judging: FAMPS leadership will have three researchers to judge the competition during the lunch break on Monday.

Logistics: The poster competition judging will occur on Monday during the lunch break from 11:30am – 1:00pm in the poster hall. Posters accepted in the FAMPS competition will have a symbol/tag on their poster board.

### **GSS & C-FARE 2026 Policy Communications Competition**

In today's policy and professional landscape, graduate students increasingly pursue careers that require not only rigorous economic analysis, but also the ability to communicate complex findings clearly and effectively to policymakers, industry leaders, and the public. Strong policy communication involves translating technical research into accessible, evidence-based insights that inform understanding of real-world issues.

To support the development of these skills, the Graduate Student Section (GSS) and the Council on Food, Agricultural & Resource Economics (C-FARE) are pleased to host the 6th Annual Policy Communications

Competition. This competition provides graduate students with the opportunity to develop and showcase both written and verbal policy communication skills, with an emphasis on clarity, objectivity, and policy relevance.

Participants will submit a policy brief based on their own research or field of interest. Submissions should focus on analyzing the impacts of a policy or policy-relevant issue and clearly communicating insights to a policymaking audience.

### **Submission Guidelines**

Policy briefs should:

1. Address a timely and policy relevant issue at the local, state, national, or international level
2. Be grounded in economic reasoning and empirical or conceptual analysis

Clearly articulate:

1. The policy or policy relevant issue being examined
2. The mechanisms through which the policy affects economic or social outcomes
3. The observed or expected impacts of the policy, supported by evidence
4. Be written for a non-technical audience, such as policymakers, agency staff, or stakeholders
5. Maintain an objective and analytical tone, avoiding normative or prescriptive recommendations

Each application should include:

1. A cover page containing (Page 1) the participant's name and contact information
2. The student's policy brief (Page 2-3).

### **Registration Information & Deadline**

Applications should be submitted via the Qualtrics link below.

**Qualtrics Link:** [https://colostate.az1.qualtrics.com/jfe/form/SV\\_bdP2qImJFCthHzE](https://colostate.az1.qualtrics.com/jfe/form/SV_bdP2qImJFCthHzE)

Applications must be submitted electronically no later than midnight CT on May 29, 2026.

### **Participant Eligibility**

Graduate students must be a member of the GSS with a graduation date of Summer 2026 or later. They should be conducting research in agricultural economics, resource economics, regional development, or a related field.

### **Awards**

The top three competitors will be recognized at the AAEE Awards Ceremony and may be invited to present their work at a future C-FARE webinar (more details to come). In addition, winners of Policy Communication will receive a certificate and a cash prize. Cash prizes are as follows:

First place:	\$300
Second place:	\$200
Third place:	\$100

## AI Policy

If you use AI for any part of the policy brief, you will need to cite or acknowledge it fully and properly. Please follow the MLA guide on when AI needs to be cited versus included in an acknowledgment

(<https://style.mla.org/citing-generative-ai-updated-revised/>). Mainly, a citation must be included if AI was used to generate images or figures, you quote directly from content generated by AI, or you paraphrase content generated by AI.

Every submission will require an AI acknowledgment. Please follow the guidelines provided by Arizona State University (<https://libguides.asu.edu/generativeai/acknowledgement>) for properly acknowledging the use of AI. A reminder, any AI-generated content, including paraphrasing what AI wrote, should be cited. The acknowledgment statement will note any additional uses of AI, such as idea generation, conducting a literature review, providing feedback on writing, or suggesting edits for grammar or native English-language flow. If you did not use AI, include this as your acknowledgment statement: “No AI assistance was used in preparing this policy brief. All content was generated independently by the author.”

Using an AI tool without proper attribution violates the competition rules and may result in dismissal from the competition.

## Undergraduate Student Section 2026 Competitions

### 1. The Earl O. Heady Decision Sciences Spreadsheet Competition

The Earl O. Heady Decision Sciences competition is a team-based competition where students show off their Excel skills in a time-limited analytical contest! Each team of up to three students entering the Earl O. Heady Decision Sciences Spreadsheet Competition is required to work together to develop a spreadsheet from a provided dataset and qualitative information, answer questions related to the dataset, and present findings from the case study.

### 2. Student Paper Competition

Undergraduate students have the opportunity to submit their paper to be part of the Student Paper Competition held each year at the AAEA Annual Meeting. Those papers submitted are judged based on the written version and an oral presentation given at the meeting.

### 3. Outstanding Paper Competition

This competition gives chapters of SS-AAEA the chance to be recognized for their hard work over the past year. Each chapter is judged based on the goals/objectives of the chapter, membership recruitment, and the activities of the chapter.

### 4. Creative Club Competition

Those chapters of SS-AAEA that have done something special over the past year can enter into this competition. The chapters will be judged based on their account of a specific idea or project that was implemented.

Registration for the SS-AAEA Competitions is now open. To explore more about each competition, [click here](#).

## **2026 Academic Bowl Competition**

Each year, SS-AAEA sponsors an academic bowl competition for undergraduate students at the [2026 AAEA Annual Meeting](#). Students compete on teams of three, which are affiliated with their school. The finals of the competition are held immediately preceding the AAEA Awards Ceremony, with an audience of all meeting attendees.

The Academic Bowl Competition will be held on Sunday, July 26 and Monday, July 27 followed by the finals prior to the Awards Ceremony at the [2026 AAEA Annual Meeting](#) in Kansas City, MO..

## **2026 AEM-GSS Case Study Competition**

The Agribusiness Economics and Management (AEM) – Graduate Student Section (GSS) Case Study Competition allows graduate students to test their communication skills and their ability to apply their knowledge of agricultural economics and agribusiness to practical situations.

**Competition Rules and Timeline:** Each team must complete the 2026 AEM–GSS Case Study Registration Form by June 14, 2026. Teams can be comprised of two to four graduate students. Students may either compete as a team from the same university or partner with students from other universities.

The case will be sent to teams in mid–July, and teams will be given approximately two weeks to prepare a 15–minute oral summary of their solution to the case. The competition will take place on July 26, 2026, coinciding with the AAEA Annual Meeting set to take place in Kansas City. Teams will present their case to a panel of judges with expertise in agribusiness management. Judges will then be allotted time to ask questions, and teams will be judged based on a grading rubric that will be provided to teams when the case is sent in July. There will be two rounds to the competition. In the first round, judges will hear from all teams and select the top teams as finalists. After this announcement, the finalists will present their case to a new panel of judges.

A summary of the competition’s preliminary timeline is presented below.

**Registration form due:** June 14, 2026, by 5:00 pm CDT

**Case sent to team:** July 12, 2026, by 5:00 pm CDT

**First round of competition:** July 26, 2026, 8:00am – 12:00pm CDT

**Final round:** July 26, 2026, 1:00pm – 4:30pm CDT

**Competition Prizes:** The top three teams will receive plaques, cash prizes, and will be recognized at the AAEA Award Ceremony. The cash prizes are as follows:

**First Place:** \$300

**Second Place:** \$200

**Third Place:** \$100

**This is an AEM and GSS co-sponsored competition. As early career professionals, students are highly**

encouraged to be AAEA members as well as GSS and/or AEM members. Eligible teams must meet the following criteria:

1. At least one team member should have an active AAEA membership for 2026 and be a member of AEM or GSS.
2. Each team must designate a team captain to complete the Case Study Registration Form, identifying their teammates and the universities they represent. The registration form can be completed through the following survey: [https://colostate.az1.qualtrics.com/jfe/form/SV\\_b2D1SCbnV7lcgey](https://colostate.az1.qualtrics.com/jfe/form/SV_b2D1SCbnV7lcgey) no later than **June 14, 2026, by 5:00 pm CDT.**
  - a. All team members must be there when presenting the case. If there are any changes to the team, be sure to notify one of the two contacts listed below. Failing to notify us may affect your opportunity to participate.

Please direct any questions regarding the 2026 AEM–GSS Case Study Competition to Dr. John Park ([john.park@ag.tamu.edu](mailto:john.park@ag.tamu.edu)) or Rebecca Wasserman–Olin ([Rebecca.Wasserman–Olin@colostate.edu](mailto:Rebecca.Wasserman-Olin@colostate.edu)).

#### **AEEE Call for Papers: Applied Economics Insights**

*Applied Economics Education and Extension (AEEE)* is calling for manuscripts for its new Applied Economics Insights section of the journal. Applied Economic Insights articles cover national and international applied economics issues related to extension, outreach, industry, education and teaching. These are authoritative, nontechnical analyses, overviews, and reviews of emerging and highly relevant topics for stakeholders, educators, policymakers, and the general public. Applied Economic Insights article build on the legacy of [Choices](#). We will promote Insights articles through our subscriber list (built upon the one that previously served *Choices*), social media and other outreach outlets.

Potential topics areas include food, agricultural production, natural resources, energy, rural community, agribusiness and industry, education, extension, and international issues. These submissions could focus on: AI and agriculture; AI and education; Automation in agriculture; Regenerative and climate–smart agriculture; Agricultural literacy; Invasive species and pest management; Natural disasters and extreme weather impacts in agriculture; Water resources management and water re–use; Agricultural workforce development; Agritourism; Urban and controlled–environment agriculture; Livestock diseases management; Rural entrepreneurship; Immigration and agriculture; Agricultural trade; amongst other significant national and international topics.

We encourage submission of themed sections or special issues (see “Themed Sections and Feature Articles”) that center around a central topic. Proposals should be submitted to the *AEEE* Editors at [aeee.editor@outlook.com](mailto:aeee.editor@outlook.com) and include the proposed theme, its motivation, relevance, and significance for a broad audience, as well as the titles and authors of the planned manuscripts.

See [submission guidelines](#) for Applied Economic Insights articles on our web page, as well as [guidance](#) for writing Applied Economic Insights submissions. You can submit articles through our [submission system](#). All

submissions are double-blind peer reviewed. Please email Jason Bergtold at [bergtold@ksu.edu](mailto:bergtold@ksu.edu) if you have any inquiries or questions.

### **Call for Papers**

#### **Special Issue on Latin American Agricultural Economics**

**Submission Deadline: September 15, 2026**

The International Association of Agricultural Economists (IAAE) and the editors of *Agricultural Economics* invite submissions for a special issue dedicated to Latin America. This initiative follows recent board meetings identifying the region as having low representation in the journal. The goal is to foster deeper engagement with regional researchers and increase the global visibility of their contributions to the field.

#### **Scope and Inclusivity:**

We seek papers that align with the broad scope of *Agricultural Economics*: "from consumption and nutrition to land use and the environment, at every scale of analysis from households to markets and the macro-economy. Applicable methodologies include econometric estimation and statistical hypothesis testing, optimization and simulation models, descriptive reviews and policy analyses. We particularly encourage submission of empirical work that can be replicated and tested by others."

We welcome submissions from scholars globally and we specifically encourage the participation of researchers based in Latin America. We also strongly encourage submissions from early-career researchers, including PhD students and postdoctoral scholars from the region who are currently studying or working abroad.

#### **Regional Workshop:**

To facilitate scholarly exchange, authors of accepted papers or papers invited for resubmission will be invited to a workshop in the region in early 2027. The workshop will provide in-depth feedback from the journal's co-editors and IAAE board members. To support participation, the IAAE will fund travel and accommodation for one author per accepted paper from the region. PhD and postdoctoral students from Latin America currently working abroad will also be considered for travel support to facilitate their ongoing connection to the regional research community. Expressions of interest to hold the workshop from universities in the region are welcomed.

#### **Submission Process:**

The submission portal is open. Authors should submit manuscripts via the *Agricultural Economics* online submission portal and select the "Latin America Special Issue" option.

#### **Review Process:**

Submissions will undergo expedited peer review, with initial decisions expected within two months. For questions regarding the scope or the workshop, please contact the Lead Guest Editor, Nelson Villoria ([nvilloria@ksu.edu](mailto:nvilloria@ksu.edu)).
